Green Cities: Combining Resources For The Future

为未来整合资源

Dennis Bracy 薄锐思

Sept 16, 2010

中美清洁能源论坛 US-CHINA Clean Energy Forum

1. *Establish China-US Clean Energy Center*

组建中美清洁能源中心

2. *Share knowledge and technologies to create Smart Grids*

分享智能电网的经验技术

3. *Accelerate development of advanced coal projects.*

加速发展清洁煤项目

4. *Increase efficiency and lower manufacturing costs of solar technologies*

提高能效，降低生产成本

5. *Power the rollout of hybrid and pure electric motor vehicles*

推进混合动力和纯电动汽车建设

6. *Develop sustainable bio-fuels and transportation technologies*

开发对可持续生物能源燃料和运输技术

7. *Utilize policy tools to eliminate barriers and accelerate cooperation*

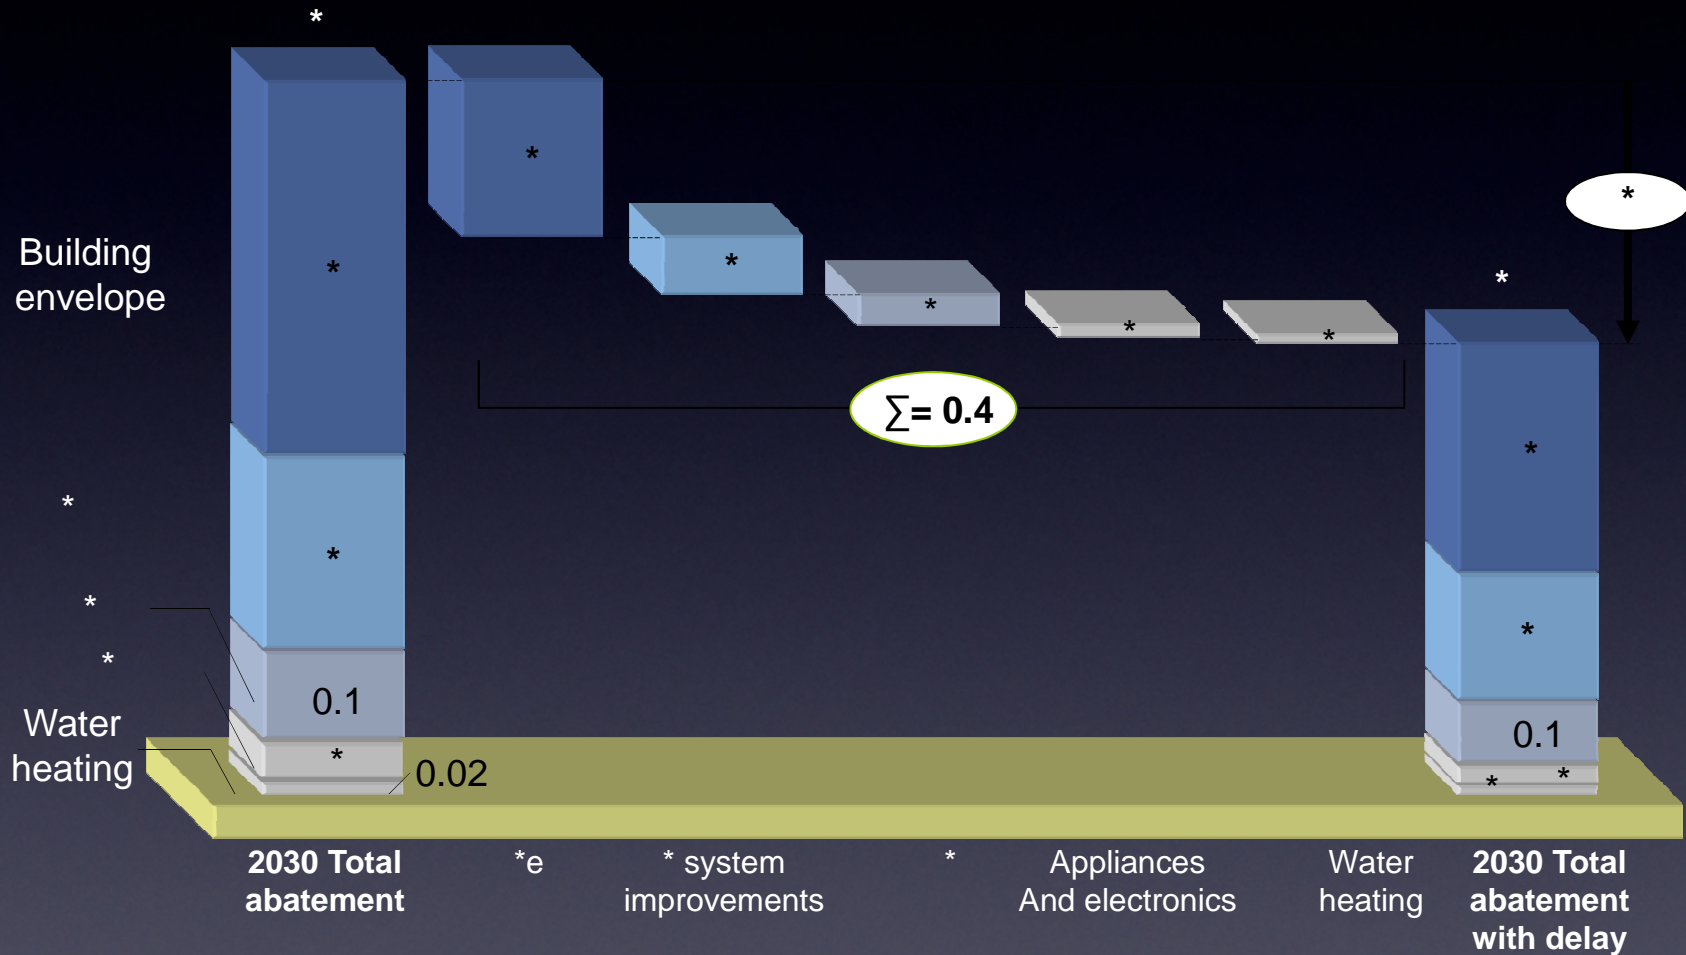

利用政策来消除障碍，促进合作

8. *Create Strategic Energy Zones (SEZs) to facilitate innovation*

建立战略能源特区，鼓励创新

Delay leads to significant lost opportunities

Decrease of abatement due to 5-year delay
Gigatons CO₂e
